PRELIMINARY COSTS PER PUPIL FOR PURPOSES OF TUITION, 1985-86

Based Upon 1984-85 Expenditures as Reported by School Districts

The estimated state average costs per pupil for 1984-85 were established in February 1985 at $2386 per pupil for elementary grades, $2510 for approved middle/junior high grades, and $2818 per pupil for high school grades.

In accordance with Chapter 193, Section 4 and Chapter 194, Section 27, RSA, the liability of sending districts without contracts for the tuition of pupils shall be the current expenses of operation of the receiving districts, as estimated by the State Board of Education for the preceding year. The current expenses of operation of New Hampshire school districts for the preceding school year (1984-85) are listed below.

The current expense of operation includes all costs except those for transportation, capital outlay and debt obligations, provided that to the above may be added a rental charge of 2% of the capital costs of school facilities as may be defined by the State Board of Education.

THESE PER PUPIL COSTS RELATE TO TUITION LIABILITY FOR THE YEAR 1985-86 AND DO NOT INCLUDE ANY 2% RENTAL CHARGES.

*Denotes Middle School

NOTE: The above per pupil costs for instructional organizations (elementary, middle/junior, and high school) will reflect reality to the extent of the accuracy with which district expenditures were assigned to each level. When comparing costs of one school district with costs of another school district, or when comparing year to year costs within the same district, the K-12 cost is the most reliable figure to use.
Also note, the above high school costs per pupil have been adjusted for vocational-technical students.
